(Address)

Tel: _____(home) _____(mobile)

E-mail _____

COST:

Handler places: £40
Spectator places £10

I enclose a cheque for £ _____

Refreshments: Tea, coffee etc will be available throughout the day.

Lunch. Following the success of running a combined picnic for lunch, we have decided to do this again. It allows people to chat and be sociable. We got some great conversations going. So bring something you like to eat and enough to share.

THEME. This is the next in the series of courses that we are holding to explore how to maintain the freshness of individually taught moves once they are combined into a complex chain of behaviour (better known as choreography)

You will need to bring with you a carpet/mat which is large enough for your dog to stand on with all 4 paws on the mat.

Ideally, also bring a low plastic stool (I will have a few, but if you have got one, please bring it along).

A key skill that you will need, which it would be useful if you have already taught your dog, is to stand straight in front of you, standing still, on command.

Lesley may send some more preparation requirements before the day – but this will start us on our preparations.
