

DVD and Video Progress Award Tests

The rules, guidelines and contents for a DVD/Video Progress Award Test are exactly as for a live test taken in front of an Assessor. All these can be found written in full in the current Blue Rules Booklet. However, there are some additional guidelines when placing your test routine on videotape or DVD. Please read them carefully as your test routine cannot be assessed if the guidelines set out below are not followed.

Routines

- Your routine must be recorded in one take
- No editing of the routine is permitted
- You may enter **one or more** Divisions (A, B, C or D) if you wish
- You may only include **one version** of your routine for each Division you enter
- The timing of your routine will begin with the first move made by you and/or the dog
- The timing of your routine will finish when you and/or dog have ceased to move
- You must enter at level 1 of any Division unless you have already achieved Merit or Distinction in that Division

DVD/Video Identification

- The DVD/Video identification form is used to identify you and your dog and which Division and Level you have entered.
- You will be assessed according to the Division and Level written on this form, even if it is different from that on your form.
- You must fill in appropriately and film clearly the DVD/Video identification form for **EACH** entry.
- The DVD/Video identification form must be displayed for a minimum of ten seconds before **EACH** routine.
- A group of entrants may choose to place all of their routines on one video or disk. For every routine, there must be a DVD/Video identification form displayed before each routine.

Entry Fees

- The entry fee is £6 for **EACH** routine entered.
- Postage & Packaging of £2 must be added to your entry fee if you wish your videotape to be returned or £1 for a DVD. If this is not included it will be assumed that you do not want it returned and will be disposed of 28 days after the assessment took place.

Note: If entering by DVD, please ensure that the disk has been finalised and can be played on other DVD players.

Results

A copy of your score sheet will be sent to you after assessment, together with any relevant prize card and rosette.
